ICLIX (PTY) LTD FIBRE Terms and Conditions

Fibre Broadband Access is supplied as a best effort service by the supplier. Areas marked as available on the map may not be Fibre ready at your particular address due to a number of factors. Should we not be able to proceed with your application we will advise you thereof. Installations are typically completed within +- 30 days, this timeframe is however not guaranteed.

Fibre installations are subject to an installation and connection fee. Additional fees may apply should trenching be required to complete the installation, Iclix (Pty) Ltd will make any additional charges known to the client and the client will be required to accept or reject these charges before the order is completed. Please note that should the service be ordered and the incorrect address is supplied, the client will be responsible for all charges relating to the order placed at the incorrect address.

An additional fee will be charged for re-grading the speed of a fibre line as well as outdoor transfers (new address) and transfers between Service Providers. Cancellations for fibre lines are only submitted at the end of each month, the cancellation request must be submitted via the Client Control Panel at least 30 calendar days before the cancellation date, the earliest available cancellation date will be shown in the Client Control Panel. Transfers between Service Providers are handled in the same manner as a new installation and are typically completed within +- 30 day, this timeframe is however not guaranteed.

An additional fee of up to R2 000.00 may be charged on faults logged which are found to be caused by faulty hardware or user error. This amount will be charged to your account once we are advised of the charges by the Supplier.

By completing the order it is deemed that consent has been received from the landlord, owner or body corporate for the installation of the service.

The available capacity on the network is shared between all users of Iclix (Pty) Ltd bandwidth. Acceptable Usage Policies are attached to Uncapped Services. Capped services whilst the majority of the time will remain untouched may be shaped or throttled should the demand on the network and available capacity be affected. Capped services will generally receive priority through-put on our network provided there is no rise in demand or extenuating circumstances affecting the performance of the network.

UNCAPPED SERVICES

Uncapped services are designed and intended for personal use only. The Uncapped Services may not be repackaged/broken down and sold to 3rd parties, may not be used to provide network services like hosting/mail/ftp/backhaul for Wifi/internet cafes and other networks. The use and/or exploitation of our uncapped services for commercial use is strictly prohibited. (We have very competitive Per Gb pricing for commercials).

The Acceptable Use Policy for the Soft-Limit Uncapped, Premium Uncapped and Business Uncapped can be found below. By accepting the Terms and Conditions, you also agree to the afore-mentioned AUP.

All uncapped services are billed within a calendar month (1st to last day of every month). Your proof of payment is to reach us before 5pm on the last day of the month to prevent service interruption on the 1st of each month.

It is our goal to protect the integrity of our network, in order to provide the best possible internet experience for all of our clients using all Uncapped services and as such we reserve the right to manage uncapped users who are deemed to be causing an unusually large burden on the network. We are committed to managing our network in a way that allows us to provide all users with the best experience possible, however we cannot guarantee that the allocated capacity will always be available.

Soft-Limit Uncapped / Premium Uncapped

Soft-Limit Uncapped services are best suited for average home users who make little to no use of high bandwidth services such as NNTP, Peer-to-Peer and Torrents (and similar but not limited to). Soft-Limit Uncapped services are proactively managed by the Iclix (Pty) Ltd Protocol Manager.

Premium Uncapped services are better suited to more advanced users, and are managed proactively by the Iclix (Pty) Ltd Protocol Manager.

Premium Uncapped (DSL and Fibre) - Iclix (Pty) Ltd Protocol Manager

The Iclix (Pty) Ltd Protocol Manager is used to provide all uncapped users on our network with the best possible internet experience.

During peak network times, we give priority to real time services (such as browsing, email, streaming etc), high bandwidth services such as NNTP, Peer-to-Peer and Torrents (and similar but not limited to) will receive less priority.

Clients deemed to be continuously uploading/downloading or using the service for unattended automated processes will be managed by the Iclix (Pty) Ltd Protocol Manager. The Iclix (Pty) Ltd Protocol Manager may be used to manage clients by rate limiting (slowing down speed) and limiting or preventing service using specific protocols or ports. We reserve the right to use the Iclix (Pty) Ltd Protocol Manager to manage the integrity of our network should network capacity not be available at any time, we assure our clients that we will do this in a responsible manner should the need arise. Any user that is found attempting to bypass or circumvent the Iclix (Pty) Ltd Protocol Manager will be suspended and could have their service cancelled.

Soft-Limit Uncapped (DSL and Fibre) - Iclix (Pty) Ltd Protocol Manager

Soft-Limit Uncapped services are managed according to the last 7 days usage projected to 30 days as well as the available capacity on the network at all times.

There are predefined thresholds set and when exceeded the account speed will be managed down to a maximum of 50% of the account speed. Should the demand on the network exceed available capacity these thresholds may be managed more aggressively by the Iclix (Pty) Ltd Protocol Manager and differ to the table below.

The thresholds per account speed are:

| Speed | Threshold |
|---------|-----------|
| 2 Mbps | 40 GB |
| 4 Mbps | 80 GB |
| 8 Mbps | 100 GB |
| 10 Mbps | 200 GB |
| 20 Mbps | 400 GB |
| 40 Mbps | 750 GB |
| 50 MBPS | 850 GB |
| 100Mbps | 1000 GB |
| 200Mbps | 1000 GB |

T: 051 400 6900 . F: 051 400 6901 . E: info@iclix.co.za . www.iclix.co.za

Any user that is found attempting to bypass or circumvent the Iclix (Pty) Ltd Protocol Manager will be suspended and could have their service cancelled.

Business Uncapped (DSL and Fibre)

This is an uncapped service that is prioritised for Business Users based on available network capacity where high priority is required for typical business protocols.

Clients deemed to be continuously uploading/downloading or using the service for unattended automated processes or non-typical business protocols (such as but not limited to NNTP, Peer-to-Peer, Https Downloading and Torrents) will be managed by the Iclix (Pty) Ltd Protocol Manager. The Iclix (Pty) Ltd Protocol Manager may be used to manage clients by rate limiting (slowing down speed) and limiting or preventing service using specific protocols or ports. Iclix (Pty) Ltd reserves the right, to at its discretion manage non typical business protocols such as but not limited to NNTP, Peer-to-Peer, Https Downloading and Torrents and/or rate limit service speed.

We reserve the right to use the Iclix (Pty) Ltd Protocol Manager to manage services in order to protect the integrity of our network according to the available network capacity, we assure our clients that we will do this in a responsible manner should the need arise.

Any user that is found attempting to bypass or circumvent the Iclix (Pty) Ltd Protocol Manager will be suspended and could have their service cancelled.

GENERAL NOTICE

Thank you for reading Iclix (Pty) Ltd's Acceptable Use Policy (AUP). By accessing this website, or by contracting with us for service, you agree, without limitation or qualification, to be bound by this policy and the terms and conditions it contains, as well as any other additional terms, conditions, rules or policies which are displayed to you in connection with this service/website.

The purpose of this AUP is to comply with the relevant laws of the Republic; to specify to clients and users of our service/website what activities and online behaviour are considered an unacceptable use of the service/website; to protect the integrity of our network and to specify the consequences that may flow from undertaking such prohibited activities.

This document contains a number of legal obligations which you are presumed to be familiar with. As such, we encourage you to read this document thoroughly and direct any queries to our client services/legal department at 0861 300 900.

Iclix (Pty) Ltd respects the rights of our clients and users of our services to freedom of speech and expression; access to information; privacy; human dignity; religion, belief and opinion in accordance with our constitution. We undertake not to interfere with any of those rights unless required to do so by law; unless those rights are exercised for unlawful purposes; or unless the exercise of those rights threatens to cause harm to another person or affect the integrity of our network.

ISPA MEMBERSHIP AND CODE OF CONDUCT

Iclix (Pty) Ltd confirms that in compliance with section 72 of the Electronic Communications and Transactions Act 25 of 2002, Iclix (Pty) Ltd is a member of the Internet Service Providers' Association (ISPA) and has adopted and implemented the association's official Code of Conduct, which can be viewed at www.ispa.org.za/code

T: 051 400 6900 • F: 051 400 6901 • E: info@iclix.co.za • www.iclix.co.za

UNLAWFUL USE

Iclix (Pty) Ltd's services/website may only be used for lawful purposes and activities. We prohibit any use of our website/network including the transmission, storage and distribution of any material or content using our network that violates any law or regulation of the Republic.

This includes:

- 1. Any violation of local and international laws prohibiting child pornography; obscenity; discrimination (including racial, gender or religious slurs) and hate speech; or speech designed to incite violence or hatred, or threats to cause bodily harm.
- 2. Any activity designed to defame, abuse, stalk, harass or physically threaten any individual in the Republic or beyond its borders; including any attempt to link to, post, transmit or otherwise distribute any inappropriate or defamatory material.
- 3. Any violation of Intellectual Property laws including materials protected by local and international copyright, trademarks and trade secrets. Moreover Iclix (Pty) Ltd cannot be held liable if you make any unlawful use of any multimedia content accessed through the search facility provided by Iclix (Pty) Ltd's network, or otherwise available through access to our network, whether for commercial or non-commercial purposes.
- 4. Any violation of the individual's right to privacy, including any effort to collect personal data of third parties without their consent.
- 5. Any fraudulent activity whatsoever, including dubious financial practices, such as pyramid schemes; the impersonation of another subscriber without their consent; or any attempt to enter into a transaction with Iclix (Pty) Ltd on behalf of another subscriber without their consent.
- 6. Any violation of the exchange control laws of the Republic.
- 7. Any activity that results in the sale, transmission or distribution of pirated or illegal software.
- 8. Failing to respond to a request by a recipient of unsolicited mail to be removed from any mailing or direct marketing list and continuing to send unsolicited mail following such a request for removal. Where any user resides outside of the Republic, permanently or temporarily, such user will be subject to the laws of the country in which s/he is currently resident and which apply. On presentation of a legal order to do so, or under obligation through an order for mutual foreign legal assistance, Iclix (Pty) Ltd will assist foreign law enforcement agencies (LEA) in the investigation and prosecution of a crime committed using Iclix (Pty) Ltd's resources, including the provisioning of all personal identifiable data.
